

CAPTAINS' REPORT

Perhaps, to some, it's a stepping alone to abyss of different spheres of leadership in the future, to others, an opportunity to prove just how well a role model one is capable of making some even probably flatly perceive it to be an infinite ocean where, within, lies unending access to privilege and unabating authority. While I couldn't despise or dismiss these definitions of 'leadership', truth be told; maybe even my version borrows from the same leaflets to some extent, but I believe it gets a bit more complex than that which meets the eye.

My name is Benjamin Kilonzi, one among the thousands of students privileged enough to call Kitui school, 'my second home,' although most people, in school at least, prefer to call me 'captain' and pursuant to the grossly immeasurable measure of lessons that being student council chairman has taught me, leadership for me at least is much more than can fit in one word, line, episode or story altogether. It's infinite! Because it revolves around learning this today, that tomorrow and so on... in Kitui School, one finds out that even leadership is learning... you 'Learn to Serve.'

I must state also that being bestowed upon the responsibility of leading an army that comprises tomorrow's belters of virtuous men in society is one that I am just as grateful for as I am humbled by, and one I strive to be befitting of every other day, so help me God and help us Lord that victory shall persist to be ineluctable and success, inevitable, in this strife towards realizing a proper Campbell dawn!

Benjamin Kilonzi
Captain

DEPUTY CAPTAINS' REPORT

It is with at most enthusiasm that I partake in ushering yet another magazine, a testament of our school's continued progress

As the Deputy Captain, it is my privilege to recognize first-hand the milestones our school has overturned as at now. From academic triumphs, to artistic expressions by our up-and-upcoming young artists, from our commendable and unrivalled teams in sport tournaments that have brought home athletic prowess to the leadership in social causes, our collective victories like a brick laid in foundation of a much grander structure weave building together, brick by brick, day by day, establishing ourselves as emblems to be emulated (not only our locality but also beyond)

And yet, as we gaze upon these triumphs, we must keep in mind that the true strength of our institution lies not just in its trophies, but in the latent potential that each of us carries within-waiting to be unearthed.

My commitment therefore as the deputy captain is to lead Kitui School through an epoch-making era, unveiling untapped reservoirs of potential akin to a sculptor revealing a masterpiece, nurturing every dream, every talent and every passion so that the seeds of toya may bloom into the future we dream of. For as the saying goes 'The wish is the father to the thought'

**Cyril
Deputy Captain

THE ASSISTANT DEPUTY CAPTAIN

First I would like to thank the Almighty God for the showers of blessing He has showered unto our school. My uttermost gratitude goes to our school administration for its persistent drive towards the success of our school. Furthermore, I would stretch my hand of gratitude to the students' council for being a steadfast for open communication and for their fruitful efforts to ensure smooth running of the school. The students have also contributed largely to the success story of our school by being dedicated to burn the midnight oil, foster unity and being exemplars in discipline and co-curricular activities. I desire to instil in each student a sense of responsibility enabling us to champion our shared dreams leading to success of our school .Furthermore ,this will help not only to cultivate future leaders but also citizens who graduate with knowledge equipped with the necessary skills. This will offer the students not only affirm foundation but also successful future. Our school is a pillar of success and determination, determined to provide the best for each student both academically and in co-curricular activities. Thank you.

Owen Njogu Maina
Assistant Deputy Captain

COMPOUNDS' REPORT

Discipline and hard work have been the key factors that have promoted success in this great institution. The Kitui High School is not just a place for learning but is an institution that fosters good character and leadership. As it raises men who understand who they are, what they stand for and what purpose they serve in this world, so as to be paragons and epitomes of success not just in academic but also in life. Bearing in mind that they are agents of positive changes of ensuring the betterment of the society and having vivid goals and objectives with clear visions of their preferred future

**Michael Ngata
Prefect, Compound
4F**

BOARDING SECRETARY

As the overall dorm captain, I am proud to reflect on the collective accomplishments we have achieved as a community this term.

Together, we have fostered a strong sense of unity and belonging, ensuring that every individual feels supported and valued. Through teamwork and shared responsibility, we have upheld high standards of cleanliness and organization, creating a comfortable and welcoming environment for all.

Additionally, we have successfully navigated challenges by promoting open communication and resolving conflicts with empathy and understanding. This has strengthened the bonds within our community and contributed to a harmonious atmosphere where everyone can thrive. Our commitment to balancing academic excellence with social and personal growth has further reinforced the supportive and encouraging culture within the dorm.

These achievements are a testament to the resilience, dedication, and collaborative spirit of all dorm residents. It has been an honor to serve as a leader in this journey, and I am confident that the values we have cultivated will continue to guide us as we strive for even greater success in the future. Together, we have laid a foundation for excellence, unity, and mutual respect that will undoubtedly endure.

Patrick Musya
Boarding secretary

DINING HALL

Put your heart, mind and soul into the smallest steps you take, "Haba na haba hujaza kibaba." Learn from the past and set your detailed goals for the future. Your opportunity for education becomes less and less each day. Don't let fatigue become a mere inconvenience. Keep up with the race till you get to the finish line. As the DH concerns, we are doing the best in fostering and creating an environment where everyone feels at home. All the best as you partake in your high school education.

**Rehoboth Mutua
Dining hall captain

ENTERTAINMENTS' REPORT

I am beyond delighted for the chance to be featured in this years' edition of 'Campbell chronicles.' I am also humbled and grateful to the almighty for granting me the authority and responsibility of being in charge of entertainment. Entertainment is a crucial part of a fulfilling life, in the academic grind. Ones' mind needs to unwind every now and then for maximum productivity and that's at Campbell. We aspire to watch our dopamine levels as much as we give importance to the academics. Finally, I am grateful to the school administration for the support.

David Lumumba
Entertainment prefect
4E

GAMES CAPTAIN

I am honored and humbled for being given the mandate to preside over games in Campbell. I am grateful to Allah for his benevolence, mercy and protection and for granting us strength to crush the journey to the top. I am also grateful to the school administration for the unwavering support because it is through that we are where we are right now. *The top.* In Campbell, especially through sports, we aspire to nurture talent and to mould our fraternity to be the best of the best because we believe that heroes are not born, they are made.

igacias!

Osman Mohamed

Games Captain.

CLUBS AND SOCIETIES

I modestly take this opportunity to express my sincere gratitude to the Almighty for holding us through from the beginning. It is patently that the school has witnessed an upward trajectory of success in club programs and rapid spiritual growth.

Spiritual matters are given the first priority in the school based on the fact that our greatness is centered in the able hands of God.

The school has set aside time for club programs every Tuesdays from 4:15 p.m. to 5:00p.m. These programs nurture students' talents and promote socialism amongst them. They also prepare students for suitability in diverse economic fields by providing them with supportive documents.

I would like to extend my panegyric to the school administration through the chief principal for advice and material support they give to the various clubs and societies. Moreover, I acknowledge the outstanding wherewithal's of the officials in every department for executing their duties with determination, mission and vision. Keep it up and set a perfect paradigm to others

Chilumo Philip
Prefect, Clubs and Societies

FURNITURE SECRETARY

I would like to thank the Most High Deity for bestowing me this fortune to be part of the secretarial board in the infrastructural dominion. Kitui School, through this docket, has taught me how to learn to serve others with an ecstatic positive mindset. I would like to thank the school administration's head of department for this domain for his tireless effort and support to help towards improving the school's infrastructural characteristic to provide such a serene conducive environment that enables us students to ensure that the school attains its mission and vision. All hail Kitui School!!!

LIBRARY REPORT

As the Library Prefect, I am thrilled to report a significant increase in library engagement this year, with more students borrowing books and utilizing study spaces thanks to our new digital catalog. Looking ahead, we plan to introduce after-school book clubs and workshops on research skills and digital literacy to further enhance our library experience. I encourage everyone to explore our resources and participate in our upcoming activities!

Elly Kemboi
Library Secretary

LABORATORYS' REPORT

This year's laboratory report highlights our school's focus on interactive learning and creativity in science, even without traditional experiments. We facilitated engaging sessions through virtual chemistry labs and physics simulations, allowing students to explore complex concepts online. Educational workshops featured guest speakers discussing careers in science and environmental awareness, inspiring students to think critically about their roles in sustainability. The annual science fair showcased innovative projects, with special recognition given to presentations on renewable energy and biodiversity. As we look ahead, we aim to continue fostering a culture of inquiry and invite all students to participate in our laboratory initiatives next year, nurturing their passion for science and discovery.

Dennis Kyalo
